General Surgery – Surgical Oncology

Beirut – Lebanon ♦ +961 76 741 974 ♦ aoslim@hotmail.com

INTEREST AREAS

- General Surgery, Surgical Oncology and HPB Surgery
- Advanced mini-invasive surgery
 - Specifically in robotic and laparoscopic liver , pancreas, spleen, kidney, colorectal, gastric surgery and living kidney donation
- Surgical and medical treatment of Portal Hypertension
- Organ transplant
 - Special interest in liver, kidney and pancreas transplant and all related clinical (immunology, infections) and surgical complications / morbidities (Vascular, Biliary, Urinary)
- Surgical treatment of Uremic patients waiting kidney transplant and surgical treatment of morbidities in kidney recipients
- Interested in the techniques of “split liver” adult to pediatric and adult to adult

ADMINISTERED PROGRAMS

- 2010 - International Cooperation in developing advanced Hepato-biliopancreatic surgery and Transplant Surgery at Al Bashir Hospital, Jordan
- 2007 - International Cooperation in developing advanced Hepato-biliopancreatic Surgery, Mini Invasive Surgery, Surgical Oncology and Transplant Surgery at Rafic Hariri University Hospital, Lebanon
- 2001 - Contributed to the advanced laparoscopic Surgery at the Department of General Surgery and Abdominal Organ Transplantation at Niguarda Hospital, Italy
- 2001 - Commenced the Living Donor Liver Transplant Program for adult recipients (performing the first LDLT in Italy)
- 1999 - Contributed in transplant program for liver transplants at Fundeni Hospital, Romania
- 1998 - Commenced a joint program isolated pancreas transplantation at Niguarda Hospital, Italy
- 1998 - Contributed in transplant program for pancreas and kidney transplants at University of Parma
